ESRA ITALIAN CHAPTER

National Meeting

CHARTING NEW RULES

8-10 OCTOBER 2026

GENOVA MAGAZZINI DEL COTONE

www.esraitalia.it

Presentation

The 31st ESRA Italian Chapter National Meeting represents a key event for the scientific community involved in regional anesthesia and pain management. It provides a multidisciplinary forum dedicated to innovation, advanced education, and the exchange of best clinical practices.

The 2026 edition, hosted at the Magazzini del Cotone venue in Genoa, is centered around the theme “Charting New Rules”, with the aim of exploring new organizational, technological, and healthcare models that are transforming the role of the anesthesiologist in modern medicine.

Through scientific sessions, round tables, hands-on workshops, and advanced simulation activities, the Congress will offer a comprehensive program covering regional anesthesia, acute and chronic pain management, artificial intelligence applied to clinical practice, ERAS pathways, perioperative medicine, and emerging challenges in emergency care, orthopedics, pediatrics, and obstetrics.

The Meeting also aims to serve as a platform for dialogue among different disciplines and healthcare professionals, fostering the integration of scientific evidence, technological innovation, and everyday clinical experience. Particular attention will be given to patient safety, personalized care, and the education of the next generation of specialists.

Through this event, ESRA Italy renews its commitment to promoting research, scientific culture, and professional development, while encouraging national and international collaboration in a dynamic, forward-looking environment.

Virtual Escape Room

La Virtual Escape Room è riservata ad un massimo di 80 persone e si svolgerà nella giornata di Venerdì 9 Ottobre 2026 dalle 8.30 alle ore 18.00.

Le squadre si contenderanno il premio ESRA 2026 cimentandosi in un innovativo gioco a tempo per risolvere i più intricati casi di anestesia locoregionale.

Verrà così testata non solo la conoscenza di anestesia locoregionale, ma verrà premiato il team più affiatato nel risolvere gli enigmi che verranno proposti.

Agli iscritti verrà fornito un Syllabus pdf sugli argomenti trattati, in modo che possano prepararsi, l'assegnazione allo scenario sarà casuale e comunicata qualche giorno prima del Congresso.

Verranno presentati 4 scenari. Ogni scenario prevede 4 squadre da 5 persone ciascuno. Ogni squadra avrà a disposizione 20 minuti per risolvere lo scenario. Seguiranno 10 minuti di de-briefing.

Scenari

- 1) Gigante con il fiato corto
- 2) Una ustione complicata
- 3) Guardando la riva del mare "calmo"
- 4) Corason e.....spinado

Il regolamento completo è presente sul sito ESRA e sarà inviato a tutti i partecipanti.

Video Poster

Saranno raccolti e valutati lavori scientifici che saranno presentati durante il Congresso, sotto forma di video.

Chi può partecipare?

Tutti i Soci di ESRA ITALIA e coloro che parteciperanno al Congresso.

La presentazione del video in sala del lavoro è subordinata alla iscrizione al Congresso di almeno un Autore.

Che tipo di video può partecipare?

I partecipanti hanno la massima libertà nel preparare i loro contributi video.

Potrà trattarsi di brevi conferenze simili alle classiche comunicazioni, con camera fissa sullo speaker e presentazione di slide, immagini o brevi filmati o di video realizzati con largo uso di immagini, testi e soluzioni grafiche commentati o meno da una pista audio in voce. Ovviamente è perfettamente possibile presentare documenti visivi che mixano tutte tipologie.

Come partecipare?

È semplice. Collegandosi alla piattaforma Video Poster

Che informazioni occorre fornire?

- inserire il nome e cognome degli autori
- indicare l'autore di riferimento
- indicare l'indirizzo mail dell'autore di riferimento

Quale lingua va utilizzata?

Sia i testi che appaiono nel video sia i commenti parlati devono essere in italiano.

Ci sono vincoli di formato, lunghezza o altro?

Volendo aumentare al massimo la partecipazione, i vincoli sono davvero pochi. Il documento non deve essere più lungo di 5 minuti. Per quanto riguarda il formato del video, si preferiscono quelli più comuni: ad esempio .mov .avi .wmv.

Il filmato deve contenere in apertura una chiara indicazione del titolo del lavoro e riportare il nome dell'autore / degli autori e la struttura / le strutture di riferimento.

Video Poster

I video devono essere realizzati appositamente?

Devono essere lavori originali.

Quale contenuto devono avere?

L'argomento trattato deve essere inerente all'anestesia alla analgesia loco regionale e alla terapia del dolore.

Entro quando inviare il Video Poster?

Entro il 11 Settembre 2026
